Places to visit

At Nidd Hall we're fortunate to be surrounded by some of the best places to visit in North Yorkshire, including the Roman city of York and the happiest place to live in Britain – our very own Harrogate! We asked our Nidd team to come up with their top things to do in the local area, and they've picked out some of the absolute best for you to enjoy while you're exploring.

Things to do

Home to England's oldest tourist attraction, Mother Shipton's Cave is just one of the many unique and varied things to do in North Yorkshire that our local team recommend. Slightly more modern (but no less impressive) are the ruins of Bolton Abbey, with 80 miles of footpaths for intrepid travellers to take on – ideal for a day spent exploring the natural beauty and history of the area.

THE BEST OF OUR GROUNDS AND GARDENS

You don't have to go far from Nidd Hall to experience some of Yorkshire's most unique scenery – within our grounds you'll find wildlife and woodland walks, and eagle-eyed wanderers might even spot a little bit of magic.

Fairy doors

There's magic here at Nidd Hall... Dotted around our gardens are several tiny doors, each one made from recycled materials. Legend has it that they lead into the houses of the Nidd Hall faeries. How many can you spot?

Water Garden

Hidden within our woodland lies the Water Garden, surrounded by a variety of different plants and containing lily ponds and a summer house. Our grounds team regularly run garden tours where you can find out more about this picturesque piece of Nidd Hall.

Lake

A short walk to the bottom of our grounds will take you to the sparkling surface of our lake, home to a wide array of waterfowl and fish. On a hot summer's day the air around the water is just a little bit cooler, a refreshing reward for your stroll.

TOWNS AND CITIES

We're lucky enough to have some of Yorkshire's best tourist destinations on our doorstep, from the famous spa town of Harrogate to the big city of York. Our team picked out three of the best places to go in Yorkshire:

Harrogate

Regularly voted the 'happiest place to live' in Britain, the fashionable spa town of Harrogate has been welcoming tourists since the 16th century when its waters were a popular health treatment. Nowadays it's home to the famous Bettys Café Tea Rooms, Turkish baths, and Valley Gardens.

Knaresborough

The market town of Knaresborough sits on the River Nidd's edge, the town centre perched atop the cliffs by the water. We recommend visiting on a Wednesday to enjoy the hustle and bustle of market day, the perfect opportunity to sample Yorkshire's cheeses, pies, meats, beers, fish and more.

GARDENS AND ODDITIES

Nestled on the edge of the Yorkshire Dales, Nidd Hall is surrounded by Yorkshire's finest outdoor attractions, ranging from extensive gardens to historic ruins from centuries gone by. Yorkshire is also home to England's oldest tourist attraction, delighting visitors since 1630.

Newby Hall & Gardens

The expansive Newby Hall gardens consist of several unique 'rooms'. Of particular interest is the White Garden, filled exclusively with white flowering plants with a range of heights, scents and textures, and the Tropical Garden – you'll be amazed that these plants can survive so far north.

Brimham Rocks

The millstone grit 'sculptures' of Brimham Rocks were carved by wind and sand around 18,000 years ago when the whole region was covered with ice. The labyrinth of rock formations is unique to the area and offers panoramic views of Nidderdale and the Vale of York.

Bolton Abbey

Bolton Abbey features 80 miles of footpaths to explore across woodland, moorland and alongside the River Wharfe. The Laund Oak, a 600-year-old tree that blew over in 2016, is perhaps the only tree in the world that grows horizontally after the foresters worked to save its roots.
